RE: Amendments to Contract for Electric Service between Dominion Energy South Carolina, Inc. and Owen Electric Steel of South Carolina d/b/a CMC Steel South Carolina
Docket No. 1997-294-E

Dear Ms. Boyd:

In connection with the above-captioned docket, Dominion Energy South Carolina, Inc. ("DESC" or "Company") hereby files the Seventh Amendment to Contract for Electric Service (Contract No. E970137) ("Arc Furnace Seventh Amendment") between the Company and Owen Electric Steel of South Carolina d/b/a/ CMC Steel Company South Carolina ("CMC Steel"). The Company also files the Sixth Amendment to contract for Electric Service (Contract No. E9702138) ("Rolling Mill Sixth Amendment") between the Company and CMC Steel.

Among other things, both amendments extend the term of service for an additional three years, through midnight on December 31, 2023, and reflect the name change to Dominion Energy South Carolina, Inc. The rates remain unchanged from the previous amendments approved by the Commission in Order No. 2010-654. Since rates are not altered by these amendments, the Company believes that Commission approval is not required. Nevertheless, the Company provides the enclosed Arc Furnace Seventh Amendment and Rolling Mill Sixth Amendment to complete the Commission's administrative file.

Due to the commercial sensitivity and proprietary nature of certain provisions of the Rolling Mill Sixth Amendment as well as the highly competitive nature of the industry in which CMC Steel operates, the Company and CMC Steel respectfully request that the Commission find that the Rolling Mill Sixth Amendment contains protected information and issue a protective order barring the disclosure of this Rolling Mill Sixth Amendment under the Freedom of Information Act, S.C. Code Ann. §§ 30-4-10 *et seq.*, S.C. Code Ann. Regs. 103-804(S)(1), or any other provision of law. Pursuant to S.C. Code Ann. Regs. 103-804(S)(2), the determination of whether a document may be exempt from disclosure is within the Commission's discretion.

The Honorable Jocelyn G. Boyd

Page 2

To this end, and in accordance with Commission Order No. 2005-226, dated May 6, 2005, in Docket No. 2005-83-A, we enclose with this letter a redacted version of the Rolling Mill Sixth Amendment that protects from disclosure the sensitive, proprietary and commercially valuable information, while making available for public viewing non-protected information. We also enclose a copy of the unredacted Rolling Mill Sixth Amendment in a separate, sealed envelope and respectfully request that, in the event that anyone should seek disclosure of this unredacted Rolling Mill Sixth Amendment, the Commission notify DESC of such request and provide it with an opportunity to obtain an order from this Commission or a court of competent jurisdiction protecting the Contract from disclosure.

Enclosed are the following:

- (1) A true and correct copy of the original Rolling Mill Sixth Amendment in a sealed envelope marked "CONFIDENTIAL." Each page of the Rolling Mill Sixth Amendment is also marked "CONFIDENTIAL."
- (2) Ten (10) copies of a redacted copy of the Rolling Mill Sixth Amendment for filing and public disclosure.
- (3) Ten (10) true and correct copies of the original Arc Furnace Seventh Amendment.

By copy of this letter, we are providing the South Carolina Office of Regulatory Staff ("ORS") with a copy of the Arc Furnace Seventh Amendment and a redacted copy of the Rolling Mill Sixth Amendment for its records. Additionally, SCE&G will make the original, unredacted copy of the Rolling Mill Sixth Amendment available to ORS for its review.

If you have any questions, please do not hesitate to contact us.

Respectfully,

Matthew W. Gissendanner
